## UP AND DOWN THE EAST COAST.

Brief Mention of Minor Matters Occurring at Our Neighboring Towns.

## COCOA.

W. Gilmore Frink is now night operator in the F. E. C. office here vice N. W. McIntosh, resigned.

B. J. Hilliard, of Tropic, made a business trip to this place last Monday by way of the steamer Spartan.

Postoffice Inspector Tate passed through our town on Monday from a visit to some of the Merritt Island postoffices.

Sam Childs left Tuesday for Titusville to repair the furnace of the Florida Extract company's plant in that town.

Mr. and Mrs. R. E. Mims, of Bonaventure, drove into town last Saturday with a wagonload of oranges for shipment.

Mrs. S. O. Wade and Miss Clara Sanders, who have been summering in the mountains of Georgia, arrived home last Saturday.

Our new school building is now topped by a fine, sweet toned bell, purchased by popular subscription, and put in position last Monday.

O. K. Wood, who has been spending the summer in northern Georgia, stopped over here last Friday on his way to his St. Lucie river home.

In Justice Sanders' court Monday a case against Prince Williams resulted in a fine of \$5 and costs for entering, and one of \$25 and costs for carrying a concealed weapon.

Capt. and Mrs. C. J. Coggin, wellknown Rockledge winter residents, arrived the latter part of last week, and are pleasantly located at home among the orange groves of that noted locality.

The remains of J. L. Verner were brought up from Banyan last Friday on the steamer Spartan and sent by rail to his home in Georgia. Mr. V. died at the residence of his brother, who lives at Banyan.

Will Kitchell, of Eau Gallie, a well-known steamboat engineer on the river, and who has been employed on a steamboat running on the west coast of the state, has been in town several days the past week to receive medical treatment for malaria.

A hunting party consisting of B. F. Beal, of City Point, G. S. Hardee, of Rockledge, and S. S. Jones, of this town, left Wednesday forenoon for a big camp hunt out in the Lake Winder section. They are all good hunters and venison will surely grace the board, if the dogs are fresh and the deer not too wary.

The voting place for this precinct will probably be in the vacant saloon building formerly occupied by J. D. Crab and more recently by W. J. Tucker. No more accessible or convenient place could be had in town, as voters can pass from the general election booth to that of the state primary without leaving the building.

It is a rare occurrence for S. S. Jones to go outside the town limits and not find a rattlesnake. Last Friday, while making a trip to Lake Poinsett, he found and killed a large rattler and on Sunday as he was riding horseback in the woods he came upon another and killed it, and then wound up the good day's work by dispatching a large moccasin.

Mrs. Leah Wright, the wife of Peter Wright, the mail carrier, encountered a large rattlesnake in the road last Saturday near the Nail place, where they reside, and after a plucky fight succeeded in killing the vicious reptile. On Monday morning a young snake of the same species was found dead in the road near the spot where the large one was killed two days before; killed probably on Sunday by some one traveling the road.

Hersey Dexter received painful bruises last Monday by being thrown from a road cart and having one of the wheels run over his head. The horse ran away and into a barbed wire fence, breaking both shafts, tearing loose from the cart and getting several pretty bad cuts. When

caught the horse was blowing very heavily and about exhausted, being covered with sweat and blood. Mr. Dexter was hurt internally also, and had to seek the doctor to get patched up.

## It Saved Her Life.

Miss Mamie Smith, Middleboro, Ky., writes: My little sister had the croup very bad. I gave her several doses of Foley's Honey and Tar and she was instantly relieved. It saved her life. B. R. Wilson & Son.

## COURTENAY.

Sam. Grant's horse is laid up with a snake-bite, but is able to sit up some now.

Walter Hatter, George Sweeney and Emmet Field have commenced fishing with a new rig throughout.

"Ranger" wears a broad grin, when he looks into the temple of learning and sees no dear school-marm there.

LaRoche Brothers are putting in a box-drain to dry a piece of road, and D. LaRoche, and L. Allen are making lots of open ones for Mr. Porcher.

Our merchant has just imported several cases of fresh-canned Jews-harps and dry goods, and if the big orange crop fetches near last season's prices, he will put in a stock of automobiles; then you ought to call on him.

Mrs. Raphe Carter, Mrs. Jalma Lapham and Miss Nonie, of Merritt, overlooked the entrancing scenery in town last week, and Mrs. L. purchased a distinguished-looking game rooster with a crow, spurs and pedigree as long as your arm.

Tommy Lipton may have a corner on the hogs in Chicago, London, New York and other small villages; but in this city Frank Harper has one, as he owns ten as sleek, sanctimonious, corn fed beasts with becoming tails as ever squealed, weighing from 290 to 400 pounds.

Having known J. R. Miot for fifteen years and found him upright and capable with a stiff back-bone, and born south of Mason & Dixon's line, we should "holler" for him for county commissioner, if he only had a free pass; but how in the world is he going to work for our dear, "great benefactor" without one?

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. Wilson & Son will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints, and the only one that never fails. It is pleasant, safe and reliable.

# Scott's Emulsion

of Cod Liver Oil is the means of life, and enjoyment of life to thousands: men women and children.

When appetite fails, it stores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it, and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409 Pearl Street, New York. 50c. and \$1.00; all druggists.

## TIME IS LIFE

The father? Gone for the doctor. The mother? Alone with her suffering child. Will the doctor ever come? When there is croup in the house you can't get the doctor quick enough. It's too dangerous to wait. Don't make such a mistake again; it may cost a life. Always keep on hand a dollar bottle of

# Ayer's Cherry Pectoral

It cures the croup at once. Then when any one in the family comes down with a hard cold or cough a few doses of the Pectoral will cut short the attack at once. A 25 cent bottle will cure a miserable cold; the 50c. size is better for a cold that has been hanging on.

Keep the dollar size on hand. "About 25 years ago I came near dying with consumption, but was cured with Ayer's Cherry Pectoral, since which time I have kept Ayer's medicines in the house and recommend them to all my friends." C. D. MATHEWSON, Bristol, Vt. Jan. 16, 1890.

Write the Doctor. If you have any complaint whatever and desire the best medical advice, write the doctor freely. Address Dr. J. C. Ayer, Lowell, Mass.

Mrs. J. N. Feaster, who has been quite ill for some time and is visiting her daughter at this place for her health, is much better.

Pineapples continue to move, averaging about forty crates per day. The amount of shedding now being done assures us another large crop for 1901. The recent rains have been a draw-back to those who are hard at work on their new sheds.

Feelings of safety pervade the household that uses One Minute Cough Cure, the only harmless remedy that produces immediate results. It is infallible for coughs, colds, croup and all throat and lung troubles, it will prevent consumption, Wilson & Son.
